*Nationally Consistent Collection of Data for
School Students with Disability*

We wish to advise families that our school is part of a national project about students with disability and/or learning difficulties. This includes social / emotional needs.

We have been asked to provide data about the number and learning needs of children at our school. The name of the school and the name of the students will not be reported. Information about the different types of needs and the programs and resources the school uses to overcome barriers and support children with special educational needs will be collected.

We believe it is important to contribute to this because it will help Governments and the Department develop better policies that acknowledge the level of resources needed in schools to meet the needs of all students in Western Australia.

The focus of the data collection is primarily on what level of additional support or adjustment a student requires in order to participate in education on the same basis as other students. Adjustments might include extra tuition, modified learning tools and programs, mentors, speech, reduced curriculum etc.

If you would like to learn more about the Nationally Consistent Collection of Data for School Students with Disability you can visit this website:
